ELECTION OBSERVER PANEL PLAN – NOVEMBER 3, 2020 GENERAL ELECTION

The Los Angeles County Registrar-Recorder/County Clerk conducts an extensive Election Observer Program. The program is part of the County's commitment to conducting open and transparent elections. Through the program, Election Observers are afforded the opportunity to observe Pre-Election Logic and Accuracy testing of election systems equipment, and Vote By Mail Ballot processing. The program also provides observation opportunities for Vote Center locations, Check-In-Centers, Tally Center Operations, and Post-Election Processing. The attached Election Observer Panel Plan outlines observable activities and provides a schedule of these events.

Representatives from County Political Party Central Committees, Community Voter Outreach Committee member organizations, the Los Angeles County Grand Jury, and other interested citizens are invited to participate in this program.

Individuals interested in participating in this program should contact Jeff Klein at (562) 462-2992 (jklein@rrcc.lacounty.gov) or Phillip Verbera at (562) 345-8368 (pverbera@rrcc.lacounty.gov) to confirm attendance for each activity you are planning to attend. All observers are required to have a visitor badge before entry, therefore, it is important that you confirm in advance so that we have time to prepare your visitor badge and other materials, and to ensure that you do not miss out on any of the testing activities.

NOTE: All RR/CC facilities will adhere to COVID-19 protocols and guidelines as established by the Department of Public Health. Hence, observation posts will be limited and may not accommodate all observer requests. Priority will be given to political and bona fide organizations, including: County Political Party Central Committees, Community Voter Outreach Committee member organizations, and the Los Angeles County Grand Jury.
