SAFE PRESIDENTIAL ELECTION PLAN

The Los Angeles County “Safe Presidential Election Plan” aligns with California’s “Election Administration Guidance under COVID-19.” Each was developed in consultation with relevant health authorities using the best public health information available, including guidance provided by the U.S. Centers for Disease Control and Prevention (CDC) and California public health officials.

The Los Angeles Registrar-Recorder/County Clerk (RR/CC) will:

- Develop a voting location-specific protection plan.
- Train workers on measures to limit the spread of COVID-19, including screening themselves for symptoms and staying home when necessary.
- Establish prevention and self-screenings measures for workers.
- Establish and communicate physical distancing guidelines.
- Implement hand-washing, face covering and disinfection protocols.

FOR VOTERS

All registered voters will be mailed a Vote by Mail ballot.

L.A. County will encourage voters to stay home and vote using their mail-in ballot. However, for some individuals it will still be preferable to vote in person. Wherever in-person voting is offered, we will follow the State and County’s public health and safety guidance to provide a safe voting environment.

COVID-19 Information for Voting In-Person:

- Voters should wear a face covering while at the vote center or waiting in line.
- Face coverings and gloves will be available for voters if requested.
- Hand sanitizer will be provided upon entry and exit of the Vote Center. Hand sanitizer will also be available at key stations during the voting process.
- Social distancing will be enforced while waiting in line and throughout the check-in and voting process.
- ePollbooks and Ballot Marking devices will be sanitized after every voter.
- Voters will be encouraged to take measures to speed up their election process to limit their time in the Vote Center. This includes verifying voter registration in advance, using the Interactive Sample Ballot (ISB) to pre-mark selections, and bringing their Sample Ballot to speed up the voter check-in.
- Voters will be encouraged to take advantage of early voting and vote at off-peak times if possible.
- Curbside voting will continue to be available for voters who are unable to enter the Vote Center.

***Vote Safely
at Home,
Make Your
Voice Heard!***

FOR ELECTION WORKERS

Election Workers will be trained to implement the following guidelines:

- Follow prevention measures while at home to help limit the spread of COVID-19.
- Do not come to the Vote Center if diagnosed with COVID-19, symptomatic, or in contact with a positive patient in prior 14 days.
- Confirmation of self-screening as part of daily worker sign-in.
- Wash hands frequently or use hand sanitizer where soap and water are unavailable.
- Wear protective equipment including face coverings, face shields, and gloves.
- Establish non-contact norms so workers avoid greeting co-workers and voters with physical contact: "Distancing starts at hello."
- Frequently sanitize work items and commonly used surfaces.
- Sanitize ePollbooks and Ballot Marking Devices before start of day, after each voter, on an hourly schedule, and at closing time.
- Minimize the handling of shared objects.
- Limit nonessential visitors to the Vote Center.
- Take special care to disinfect equipment before use by voters with disabilities because they may interact with the equipment in different ways, and some may have unique health vulnerabilities. Accessibility controls for voting equipment will be cleaned before and after each use.
- Single-use disposable ear covers for device headphones will be provided and replaced after each use.

VOTE CENTER LAYOUT

- A custom Vote Center layout will be created for each location that ensures 6ft physical distance throughout the Vote Center to the extent possible.
- One-directional foot traffic.
- Separate routes for entry and exit where possible.
- Doors propped open.
- Windows will be opened to increase air circulation where possible.
- Check-in stations and Ballot Marking Devices will be placed to create physical distance.
- Each vote center will have a stop station at the entrance where voters will be provided with hand sanitizer. Masks and gloves will be available for voters if needed. An election worker will be stationed here to remind voters of special precautions.
- If weather permits, the number of voters in the facility will be limited by moving lines outdoors.

SIGNAGE

- Signage to remind voters, observers and workers of physical distancing, face coverings, and updated foot traffic patterns.
- Clear signage to indicate appropriate distances.
- Posted at entrances and highly visible locations.
- Visual cues (e.g., floor markings, colored tape, or signs) will be deployed to remind workers and voters of appropriate distancing.

MEDIA, SOCIAL MEDIA AND DIRECT COMMUNICATION

The County's media campaign will include the following components:

- Voting by mail is a safe choice to avoid exposure to COVID-19 while voting.
- There are alternatives to provide a ballot replacement or to help you cast a ballot without entering a voting site including procedures for requesting a replacement, drop boxes and curbside voting.
- If you must enter a voting location, please:
 - Wear a face covering.
 - Maintain physical distance of at least 6ft from people not from your household.
 - Use hand sanitizer before approaching the check-in station and after voting.
 - Follow any additional guidance provided at the voting location.

This plan serves as a baseline. The RR/CC Safe Presidential Election Plan will continue to grow and expand as new guidance and recommendations continue to come out.

The New Voting Experience

**VOTING SOLUTIONS
FOR ALL PEOPLE**

VOTE CENTERS AND VOTING PERIOD

In L.A. County, we have upgraded from polling places to Vote Centers. Voters now have the option to cast a ballot in-person at any Vote Center in the County. Vote Centers look and feel like polling places, but provide additional modern features to make voting easy and convenient.

Any Voter Can Use

11 Days to Vote

Vote Centers

Voters can vote at any Vote Center throughout the County with full language services and expanded accessibility

Electronic Pollbooks access data in real time and allow for same day registration

Fully accessible voting equipment available at every Vote Center

Voting available for 11 days at Vote Centers throughout the County

A booklet listing all Vote Centers will be mailed to every household in Los Angeles County. For a listing of all locations and hours visit LAVote.net.

Why the Change?

VOTER'S CHOICE
CALIFORNIA

You choose **when, where, and how** to vote

The California Voter's Choice Act is a new law passed in 2016 to modernize elections in California by allowing counties to conduct elections under a new model that provides greater flexibility and convenience for voters.

This new election model allows voters to choose when, where, and how to cast their ballot by:

- Expanding in-person early voting options
- Allowing voters to cast a ballot at any Vote Center within their county

More information on the California Voter's Choice Act can be found at sos.ca.gov.

BALLOT MARKING DEVICE

The benefits of technology for an easy and accessible voting experience - with a paper ballot.

The Ballot Marking Device makes it easy for voters to customize the voting experience to fit their needs. Voters can access 13 languages, adjust the touch screen to a comfortable angle, change the display settings such as text size and contrast or go through the ballot using the audio headset and control pad.

Security remains a top priority for L.A. County, that's why this device is not connected to a network or the internet. The easy-to-follow instructions can guide any voter through the voting process without the need for assistance.

Previously, voters with mobility or visual challenges were asked to go to a separate voting booth; not any more. The Ballot Marking Device provides all the accessibility features previously available and upgrades them all into one device.

Alternate Ballot Order (Senate Bill 25)

Senate Bill 25 was approved by the Governor on September 29, 2018 requiring the County of Los Angeles to conduct elections using an alternate ballot order. With the implementation of Voting Solutions for All People (VSAP), our new Ballot Marking Device and Vote by Mail ballot will be able to accommodate the changes in the ballot. The new ballot order will begin with City/Local offices and measures and will end with the President and Vice President nominees.

HOW TO VOTE ON THE BALLOT MARKING DEVICE (BMD)

1. Tap to start

2. Select language

3. Insert ballot

4. Make selections

5. Review selections

6. Cast ballot

QUICK CHECK-IN AT A VOTE CENTER

Interactive Sample Ballot

The Interactive Sample Ballot is a convenient option for voters who want to access and mark their selections prior to arriving at the Vote Center. Using a computer, mobile phone or personal device voters' can review their ballot information and make their selections. After going through the selection process the Interactive Sample Ballot creates a Poll Pass (QR code) – like an airline boarding pass.

At the Vote Center, voters scan the Poll Pass to transfer their selections to the Ballot Marking Device (BMD). Then, a review screen will display allowing voters a chance to make changes or cast their ballot.

Access your Interactive Sample Ballot at [ISB.LAvote.net](https://www.isb.lavote.net)

Quick Check-in Code

Take the Quick Check-in Code on your Sample Ballot to any Vote Center. This allows Election Workers at the check-in table to quickly find and print your official ballot.

You can also access your Quick Check-in Code at [LAVote.net](https://www.lavote.net)

ELECTRONIC POLLBOOK

A modern way to check-in and update your registration at any Vote Center in the County.

The Electronic Pollbook (ePollbook) will replace the printed list of voters and will be used by Vote Center staff to verify the registration eligibility of a voter in real time. Additionally, ePollbooks will indicate if a voter has already voted anywhere in the County and will not allow voting at multiple locations.

The voter information on the ePollbooks is not connected to the Ballot Marking Device or the tally system. They remain independent from one another to protect a voter's personal information. Printed ballots do not contain any voter information.

ADDITIONAL VOTING OPTIONS

Vote by Mail (VBM)

LA County has implemented a new and improved Vote by Mail (VBM) packet. The new VBM packet will include a full-face ballot, return envelope, secrecy sleeve and “I Voted” sticker.

We begin mailing VBM ballots to all registered voters 29 days prior to Election Day (October 5).

Voters can track their ballot’s status at Where’s My Ballot at [California.ballottrax.net](https://www.california.ballottrax.net)

Vote by Mail (VBM) Drop-Off

We continue to offer VBM voters the option to drop off their ballot in-person in a secured ballot box prior to Election Day. There will be over 400 secured locations spread throughout the County. Drop off locations will be available beginning October 5.

For locations and hours please visit [LAVote.net](https://www.lavote.net).

Early Voting

Voters do not need to wait until Election Day to cast a ballot. Early voting begins 29 days (October 5) before Election Day. Any registered voter can vote at the Norwalk Headquarters from 8am-5pm, Monday-Friday, and cast a ballot.

Norwalk HQ address: 12400 Imperial Highway, 3rd floor, Norwalk, CA 90650

Conditional Voter Registration

Eligible Los Angeles County residents who miss the October 19 registration deadline for the November 3 General Election can still vote at any Vote Center in L.A. County. Under California Election Law, Conditional Voter Registration (CVR) allows a prospective voter to conditionally register and cast a ballot.

TRANSPORTING BALLOTS FOR TABULATION

On Election Night, ballots from all Vote Centers are brought to the Registrar-Recorder/County Clerk's (RR/CC) Tally Operation Center (TOC) in Downey for central tabulation.

After the polls close at 8 PM, Election Workers will secure the voted ballots in sealed ballot boxes and account for unused ballots. Election Workers will also separately package Vote by Mail ballots that were dropped off at the Vote Centers and provisional ballots. All materials and quantities are accounted for in the Official Ballot Statement. Then Election Workers transport the ballots to designated Check-In Centers located throughout the County.

Sheriff Deputies transport the voted ballots from the Check-in Centers by car, helicopter or boat to Downey. Ballots come in from as far away as Lancaster, Palmdale and Catalina Island.

Between 10:30 – 11:30 PM a large number of ballots begin to arrive at the RR/CC Tally Operation Center.

Prior to tabulation, all ballots must be checked in, removed from boxes, inspected and prepared for counting.

Ballots are moved to the tabulation center in a continuous flow. There, operators load the ballots onto scanners for tabulation.

CANVASS: FINALIZING THE VOTE

Election Night

After Vote Centers close at 8:00 PM on Election Day, all voted ballots are sealed, secured and transported by Sheriff's deputies to be centrally tabulated at the RR/CC Tally Operation Center: 9150 Imperial Hwy., Downey, CA 90242. Election Night counts include ballots at the Vote Centers as well as Vote by Mail ballots received and processed up until Monday before Election Day.

Finalizing the Official Vote Tally (Canvass)

Counting ballots does not end on Election Night. The RR/CC makes sure all ballots cast are counted. After Election Night there are tens of thousands of ballots that need to be counted, including Vote by Mail ballots received on Election Day, provisional ballots, write-in ballots, and damaged ballots. These ballots are counted during the 30-day period known as the Official Election Canvass. Provisional ballots require additional review to verify voters are eligible to vote and write-in ballots were cast for qualified candidates.

California state law requires the RR/CC to complete and certify the results within 30 days. This provision of the law recognizes the complexity of completing the ballot count and conducting a thorough audit of the election results to ensure accuracy.

The legally mandated processes described above are utilized to guarantee that every eligible vote is counted and included in the official final election returns.

Auditing the Election Results

By law, a random sample of ballots from every election must be manually tallied to verify Election Night machine counts. A minimum of all votes cast in one percent (1%) of the precincts is included in this process, which is known as the 1% Manual Tally Audit. The 1% Manual Tally Audit is open to the public. (E.C. 15360)

Public Observation

Every citizen has the right to observe the Official Election Canvass process. Candidates and the public are invited to observe the ballot counting and auditing process by joining the Election Observer Program. The program is part of Los Angeles County's commitment to conducting open and transparent elections.

Election observers have the opportunity to observe the logic and accuracy testing of the election systems equipment, Vote by Mail ballot processing, Election Day activities at Vote Centers and Check-in Centers, tally center operations and post-election processing.

To learn more, the Election Observer Panel Plan is available online at [LAVote.net](https://www.lavote.net).

REQUESTING A RECOUNT

Who can request a recount?

Any voter of the state may file a request (E.C. § 15620). For more information download our booklet at [LAVote.net](https://www.lavote.net).

Timing of Request

The request must be filed within five (5) calendar days, after the completion of the official canvass. The RR/CC is not open on weekends or holidays. If the deadline falls on the weekend or holiday, the date will be moved to the next business day (E.C. § 15).

Exceptions

- For statewide recount contests, the request may be filed with the Secretary of State's Office within five (5) days beginning on the 31st day after the election (E.C. § 15621).
- If election is conducted in more than one county the request may be filed within five (5) days beginning on the 31st day after the election (E.C. § 15620).

Notice of Recount

A notice stating the date and place of the recount will be posted by the elections official at least one day prior to the recount and the following persons will be notified in person or by telegram (E.C. § 15628).

Notices are issued to the following parties:

- All candidates for the office being recounted.
- Authorized representatives for presidential candidates, if the race for presidential delegates is to be recounted.
- Proponents of any initiative or referendum or persons filing ballot arguments for or against any initiative, referendum or measure to be recounted.
- Secretary of State if the recount is for candidates for any state or federal office, delegates to a national convention, or any state measure.

Election Night Results and Information

Election Night results are available at [LAVote.net](https://www.lavote.net). The first results will include Vote by Mail and Vote Center ballots received prior to Election Day – these results will be issued at approximately 8:15 p.m. Results will be updated on the website on a flow basis as Vote Center ballots on Election Day are received, processed and tabulated.

Interview & Filming Requests

Election Day is an exciting time for everyone! Reporters, journalists and various media representatives may visit Vote Centers to take photos and videos of voting activity with advanced consent.

Media outlets must contact the Media and Communications section at mediainfo@rrcc.lacounty.gov prior to arriving at the RR/CC headquarters or Vote Centers

New COVID-19 Guidelines:

- Masks are required to enter a Vote Center
- Maintain at least 6 feet of distance from others
- Only one media outlet inside the Vote Center at a time
- A time limit of 15 minutes has been established to film b-roll and/or take photos inside the Vote Center
- All interviews must be conducted outside

Media Can Take Photos and Videos of:

- The exterior of Ballot Marking Devices (BMDs)
- Voters and/or Election Workers – with their permission
- Media can conduct exit polls, but must have permission from the voter and must be a minimum of 25 feet away from the door of the Vote Center
- Election Workers, Sheriff's Deputies and other County employees processing and/or transporting the ballots in bags, carts and government vehicles

Media Cannot Take Photos and Videos of:

- The inside of Ballot Marking Devices (BMDs) while occupied by voters
- Voted ballots before they are deposited inside the Ballot Marking Device (this violates voters' privacy)
- Anything that will obstruct or disrupt the voting process. For example, a camera blocking a voter from entering the Vote Center or flash photography

Important Notice:

Activities construed as "Electioneering*" are prohibited within 100 feet of the Vote Center.

*Electioneering: The practice of working actively to secure votes for a candidate or ballot measure in an election.
