<p>A</p> <p style="text-align: center;">ARGUMENT IN FAVOR OF MEASURE K</p> <p>Our children need Measure K. Most of our local schools are over 25 years old. Many of our children are forced to attend school in deteriorated, overcrowded classrooms. Measure K will permit local schools to repair leaky roofs, unsanitary bathrooms, and electrical wiring. Measure K will help make urgently needed earthquake and fire safety improvements. Many of our schools are severely overcrowded. Over the next decade our district will likely grow by 200,000 students. Measure K will help relieve overcrowding by permitting the construction of 80 new schools and 79 additions or expansions. Measure K means children can choose to attend school in their own neighborhood, and avoid taking long bus rides to and from school. A clean and safe learning environment reduces truancy, gang activity and drug use. Measure K will mean safer schools and neighborhoods. Everyone knows it is cheaper to upgrade and repair schools now, before problems get worse. Measure K makes sense for taxpayers. Measure K provides school libraries with new and modern books and technology. By law, money from Measure K can only be spent on school buildings, classrooms and instructional materials. Not one cent will go to administrative salaries. Tough, independent audits and fiscal oversight will provide open, public accounting to ensure funds are spent efficiently and as promised. Vote YES on Measure K to upgrade and repair schools. Vote YES on Measure K to help make sure students have safe schools. Vote YES on Measure K so that students have safe schools. Vote YES on Measure K to help eliminate class size problems. Vote YES on Measure K for tough, independent audits. Measure K is good for our children, good for our economy, good for public safety and good for the future of our district. Vote YES on Measure K.</p> <p>National Board Certified Science Teacher, High School MARY PTA District President/LA Metro</p>	<p>B</p> <p style="text-align: center;">REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE K</p> <p>Measure K backers are repeating the SAME BROKEN PROMISES they gave us for Proposition BB, a record setting \$2.4 billion bond for which taxpayers will be paying for another 20 years! Do YOU remember what they told us just five years ago? LOOK AT THEIR RECORD: Arguments for Proposition BB said there would be an “independent Oversight Committee” to guarantee that money was spent properly and no money would be spent on administrators’ salaries. Independent audits found the promised oversight proved meaningless. Millions of Proposition BB dollars were misused on such things as consultants, and salaries and benefits for office personnel. Many promised projects remain incomplete and over budget. LOOK AT YOUR TAX BILL: Unified officials want 3.3 billion more, nearly \$7 billion with a tax increase. Add the cost of measure K to what you are already paying for Proposition BB. For the average home, that’s an extra \$300 per year. News estimates the amount over \$300 per year. Do that same ballot are two more \$100 by the City of Los Angeles to increase taxes. State government will raise more of your money. Add it up. This amounts to real money and increasing liability for many homeowners and renters. Unified officials want you to forget the promises they made on Proposition BB. Would you have a better idea of what they really want?</p>
<p>C</p> <p style="text-align: center;">ARGUMENT AGAINST MEASURE K</p> <p>WARNING: The lobbying firm paid by Unified to push this tax increase bond also represented developers who stand to make millions if voters approve Measure K, reports the Los Angeles Times. These are uncertain times, but it is sure that if Measure K passes, taxes will go up. Homeowners will be placed on their knees to guarantee repayment of this almost \$7 billion bond, including interest. Many renters will see higher rents and landlords will pass on their taxes. Higher taxes for what? Just five years ago voters approved Proposition BB, a \$2.4 billion bond that was the largest local school bond in history. Voters would hold the bond and the money would be carefully spent and there would be no oversights! An audit released by State Controller Steve Westly shows that many promised projects were incomplete and are over budget. The audit reveals that billions of dollars have been misused — the bond specifically prohibited spending money on salaries, yet \$87 million was spent on ineligible costs, including legal settlements, salaries and benefits for office personnel and out-of-district management fees. Oversight proved meaningless. Connell’s report concludes that the campaign to pass Proposition BB misled voters. “Proposition BB was a fraud on the public from start to finish,” says the Los Angeles Times. Taxpayers will be paying for this “fraud” for another 20 years. Now, the same school district that spent nearly \$200 million on the bond, where toxic chemicals are leaching from the ground, and is spending over \$150 million on a luxurious new headquarters for top administrators, wants billions more from taxpayers. Ask yourself, do you believe the school district is doing a good job? If the answer is no, VOTE NO ON MEASURE K.</p> <p>President, Taxpayers Association President, United Organization of Taxpayers</p>	<p>D</p> <p style="text-align: center;">REBUTTAL TO ARGUMENT AGAINST MEASURE K</p> <p>The opponents of Measure K are misrepresenting the facts. By state law, money from Measure K can only be spent on building and repairing schools and classrooms and providing instructional materials. Measure K contains the toughest independent citizens’ oversight of any bond and annual audits – even stronger oversight than state law requires. The school bond passed in 1997 has paid for over 6,000 critical school repair projects. Over 93% of the projects funded by that bond will be completed or in progress by March 2003. It was a good start, but many schools still need to be repaired and we still need to build classrooms for our kids to reduce overcrowding. It’s no secret that the district has had problems in the past, but things are improving. The State Controller reported that State Controller Steve Westly “credited new leadership over the last two years for bringing new accountability to the district.” That’s why County Controller _____, City Controller _____, Assembly Speaker _____ and _____ strongly support Measure K. Measure K allows our local schools to qualify for over \$2 billion in state matching funds. Without Measure K, our kids will lose out and this money will go to other school districts. Vote Yes on K for a clean, safe learning environment for our children. Vote Yes on K to relieve classroom overcrowding. Vote Yes on K.</p> <p>L.A. CAMPAIGN STATEMENT FILING REQUIREMENTS

CAMPAIGN STATEMENT FILING REQUIREMENTS — California's Political Reform Act was adopted by voter initiative in 1974 and has been periodically amended by legislation and initiatives. The act requires that campaign disclosure reports provide the public with the identity of contributors and the amounts they give and the amount and purpose of expenditures made by officeholders, candidates, and committees.

Proponents and all committees primarily formed to support or oppose a ballot measure in any election must comply with campaign statement filing requirements if the committee receives contributions or makes independent expenditures that total \$1,000 or more. Monetary penalties may be assessed for failure to file required statements.

Contact the Campaign Finance Section at (562) 462-2339 if you have questions relating to filing requirements or need campaign statement forms.
