The Media Kit can also be found online at the Registrar-Recorder/County Clerk (RR/CC) website www.lavote.net.

The November 3, 2009 Consolidated Elections will decide contests for 102 active local and special districts, from City Council and School Board contests, to local Water Boards, including nearly two dozen local ballot measures. More than 1.5 million registered voters are eligible to participate in the election. The contents of this kit is a resource for detailed and accurate information of how these elections will be conducted.

Our Democratic process cannot function without the many hours of volunteer time given by our poll workers and the exceptional work they perform on Election Day. It has been a remarkable year for elections. In 2009, we have conducted a Statewide Special and Consolidated Election and an unprecedented ten Special Elections since December 2008. As we prepare to conduct the last major election of 2009 I want to give many thanks to Los Angeles County’s volunteer poll workers for their dedicated and continued service throughout 2009.

NEWS COVERAGE, ELECTION RESULTS, AND PRESS BULLETINS

The election night news center is located in the Registrar-Recorder/County Clerk's Headquarters. Department staff will be on hand to assist in news coverage. The first press bulletin with initial absentee ballot results will be issued about 8:30 p.m. As precinct ballots arrive during the evening, updated cumulative results will be available and posted on the RR/CC's Internet website.

California state law allows 28 days for the conduct of the official canvass of final election results. All ballots cannot be counted on election night. **Election night results are always unofficial.** Additional ballots are counted in the days/weeks following the election including: 1) absentee ballots received through the mail or dropped off at the polls on Election Day. These ballots must be individually signature-verified and then opened prior to tabulation; 2) provisional ballots cast at the voting precincts on Election Day by persons whose eligibility to vote cannot immediately be verified. The ballots must be individually researched to determine eligibility; 3) damaged ballots that are unable to be processed through the election tally equipment and must be manually duplicated prior to tabulation; and 4) ballots containing write-in votes which must be individually reviewed to determine if the write-in vote is for a qualified/unqualified write-in candidate. As a result, close contests may not be determined until the official canvass is completed and certified election results are released. (For additional information regarding the official canvass, see page 7).

Additional Information Concerning Election Results

On Wednesday afternoon, November 4, the Election Information Section will have intercounty election results for portions of districts which are outside Los Angeles County. Shared districts for this election are:

<u>School District</u>	<u>Shared County</u>
Antelope Valley Joint Union High School	Kern
Antelope Valley Community College	Kern
Mt. San Antonio Community College	Orange
Rowland Unified	Orange

City and community results may be obtained in the Election Information Section beginning about noon on Wednesday, November 4. Copies of the semi-official precinct by precinct statement of votes cast will be available Thursday afternoon November 5, at approximately 2 p.m.

A final press bulletin will be prepared upon completion of the official vote canvass. Official election results will be available by Monday, November 23.

KEY SERVICES

INKAVOTE PLUS IS HERE TO PROTECT YOUR VOTE!

The *InkaVote Plus* voting equipment is an enhancement to the InkaVote optical scan paper-based voting system used in Los Angeles County since November 2003. Introduced in 2006, the *Plus* includes two key features at every voting location: a ballot reader and an audio ballot booth.

After voting the InkaVote ballot using the ink marker provided, each voter inserts his/her ballot into the InkaVote Plus reader. The reader checks the ballot for inadvertent errors. The reader alerts any voter who makes more selections in a contest than allowed – i.e. an “overvote” - or who mistakenly fails to ink the ballot at all – i.e. a blank ballot. Pollworkers will advise any voter who has overvoted or submitted a blank ballot of the opportunity to make a correction before casting his/her ballot (InkaVote Plus gives voters a second chance to ensure their votes are cast as intended). If no such errors were made, the voted ballot is accepted by the reader and automatically drops into a secure ballot box.

The second component is an audio ballot booth. This equipment is available in each precinct to assist voters who are blind or have specific needs to enable private and independent voting using an audio headset to create a paper InkaVote ballot. Audio voting may also be popular with voters whose primary language is other than English. The audio ballot is available in Chinese, Japanese, Korean, Spanish, Tagalog/Filipino and Vietnamese. The second chance voting feature provided by the ballot reader, together with the audio ballot booth, assures Los Angeles County is compliant with the Help America Vote Act and the Voting Rights Act.

FACTS ABOUT INKAVOTE PLUS

Facts about

InkaVote Plus Voting System

- Tested and approved by Federal Election Authorities (March 2006)
- Tested and certified by California Secretary of State (April 2006, January 2008)
- Used successfully for all Los Angeles County elections since November 2006

InkaVote Plus Voter Advantages:

- √ Prevents voters from casting blank ballots
- √ Prevents overvotes (more selections than a contest allows)
- √ Provides an audio option for:
 - Voters with visual impairments
 - Voters who prefer translation assistance

SAMPLE BALLOT VIEWING CHOICES

Voters may now choose to view or download their full sample ballot for the November 3, 2009 Consolidated Elections from our website, www.lavote.net. The website feature includes official ballot pages (also available in Chinese, Japanese, Korean, Spanish, Tagalog/Filipino and Vietnamese), candidate statements, ballot measures, analysis and arguments for or against, as applicable to the voter's ballot. There are 210 different ballot groups for this election with different local contests depending on the voter's districts. Sample ballots may be viewed by selecting "View Sample Ballot" from the Online Services menu on the Department's website.

"BALLOT EXPRESS" WILL-CALL SERVICE FOR VOTE BY MAIL BALLOT PICK-UP

Since the 2004 General Election, the Registrar has offered a convenient service entitled Ballot Express, a "will-call" service for vote by mail voters. Traditionally, thousands of voters walk into our Norwalk office to apply for and pick up a vote by mail ballot. The volume is especially high during the week prior to a major election, which previously resulted in voters waiting for up to 30 minutes for service. The Ballot Express service allows voters to call (562) 466-1323 in advance and arrange to have a vote by mail ballot ready when they arrive at the office. Any registered voter is eligible to use the Ballot Express service.

MULTILINGUAL VOTER SERVICES

In accordance with federal law and in a continuous effort to assist voters whose primary language is other than English, the Registrar-Recorder/County Clerk provides voter registration information, election materials and oral assistance in six languages other than English (Chinese, Japanese, Korean, Spanish, Tagalog and Vietnamese). Voters who request election materials in one of these languages will be mailed a translated sample ballot for all Los Angeles County conducted elections.

Additionally, the RR/CC website provides online election information for voters in Spanish, Chinese, Japanese, Korean, Vietnamese and Tagalog/Filipino, in addition to English. Voters may view a sample ballot and other election materials in any of these six languages by visiting our website at www.lavote.net. For additional information on multilingual services or to request multilingual materials prior to an election visit our website or call our Multilingual Assistance Hotline at (800) 481-8683.

DEPUTY REGISTRAR TRAINING PROGRAM

The Los Angeles Registrar-Recorder/County Clerk has a Deputy Voter Registrar Training program for those organizations and individuals involved in registering voters and conducting petition drives. Topics will include proper methods and techniques for registering voters, assisting electors with the completion of voter registration forms, and important California Election Codes related to registration requirements. Participants will receive a copy of "The Guide To Registering Voters" and a Deputy Registrar of Voters Certificate upon the successful completion of the hour and a half training program.

If you or your organization is interested in attending this free training program, please contact the Voter Records Administrative Unit.

POLL LOCATION AVAILABLE BY AUTOMATED PHONE

Determining poll locations for voters calling us prior to and on Election Day is facilitated through two Interactive Voice Response (IVR) servers containing 192 lines, as well as a live phone bank with more than 100 operators. When calling 1-800-815-2666, each caller is prompted to enter his/her zip code, the digits corresponding to the voter's house number and numeric birth date. The IVRs will instantly interact with the voter registration database seeking a match for this data. When the polling location is found, the system will automatically read the location to the voter. This phone system allows up to 192 callers to call in at the same time, 24 hours a day available through Election Day. Operators are also available to assist callers who want to speak with a "live" operator.

VOTERS WITH DISABILITIES

What is our goal? 100% participation of eligible voters in all elections, 100% polling place accessibility, and options for all voters who seek independent voting. In compliance with federal law and state law, we provide services to voters with disabilities including:

- InkaVote Plus audio ballot booth at every polling place
- Accessible polling places wherever possible (Currently, 98% of polls are accessible)
- Wheelchair accessible voting booths
- Large type voting instructions and magnifying devices at polling places
- Audio cassette tapes with state and county ballot measures
- Vote by mail and permanent vote by mail voting options
- Pollworker assistance at any step

What does the law say? Four federal laws are of special importance to voters with disabilities and the elderly:

- *Voting Rights Act of 1965* – Any voter requiring assistance may receive it from a person of the voter's choice, other than the voter's employer or agent of that employer or officer or agent of the voter's union.
- *Voting Accessibility for the Elderly and Handicapped Act, 1984* – Promotes the fundamental right to vote by requiring "access for elderly and handicapped individuals to registration facilities and polling places in federal elections."
- *Americans with Disabilities Act of 1990 (ADA)* – Requires public entities to provide auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy, the benefits of service, program or activity conducted by a public entity.
- *Help America Vote Act of 2002 (HAVA)* – At least one direct recording electronic voting system or other voting system available at each polling location to enable individuals with disabilities including blind voters to vote independently.

SPEED OF BALLOT COUNTING ELECTION NIGHT – HISTORICAL TRENDS

DO NOT EXPECT very many ballots to be counted before 11:00 p.m. Results of early vote by mail ballots will be available by 8:30 p.m.; however, most precinct ballots do not begin to arrive at the Tally Center in Norwalk until 10:30 - 11:00 p.m. Upon arrival, there are many check-in steps prior to tabulation.

Los Angeles County tabulates the vote using a central count system. There is no tabulation at the voting locations.

Historically for consolidated elections, approximately 90% of the ballots are counted by midnight on election night. The following chart provides statistical information on the speed of ballot tabulation. We realize that media deadlines are often prior to midnight; however, we cannot count ballots until they physically arrive in Norwalk.

FINALIZING THE OFFICIAL VOTE TALLY (CANVASS)

INCOMPLETE BALLOT COUNTING ON ELECTION NIGHT

Campaigns and political parties are frequently surprised on the day after a major election when they learn that there are several hundred thousand ballots countywide remaining to be counted. Statewide, typically 20% of ballots cast are not yet included in the election night tally. This section explains the logistics of election night counting and follow-up ballot tabulation that occurs in the days/weeks following the election. State law requires each election jurisdiction to complete an official audit called a “canvass” during the 28 days after the election. When the canvass is completed, the Secretary of State certifies the results.

There are three categories of ballots which cannot be processed on Election Night:

- Vote by Mail ballots (those turned in at voting locations and those received by mail just before or on Election Day)
- Provisional ballots voted at the polls
- Write-in ballots

NOTE: All valid ballots in the above categories are counted prior to official certification of the results.

VOTE BY MAIL BALLOTS TURNED IN AT POLLING LOCATIONS

Many vote by mail voters wait until the last minute to make their voting choices and then drop off their ballots at a polling place or at RR/CC headquarters on Election Day. We receive these ballots very late on election night. All vote by mail ballots must be pre-processed before they are counted. We must verify every vote by mail voter’s signature prior to opening the vote by mail ballot envelopes to remove the ballots in preparation for counting.

PROVISIONAL BALLOTS

Provisional ballots are issued at the polls when a voter’s name is not listed in the poll roster, or when our records indicate the voter was already sent a vote by mail ballot. Provisional ballots are sealed in special envelopes at the polls and must be individually researched and verified at the Registrar-Recorder/County Clerk’s Office before ballots are counted or rejected in accordance with election laws. Once a provisional voter’s eligibility to vote is verified, the ballot is counted.

WRITE-IN BALLOTS

When a voter chooses to vote for a write-in candidate whose name is not printed on the ballot, that ballot cannot be counted on election night. Each ballot containing a write-in vote must be individually reviewed to determine whether or not the write-in vote is for a qualified write-in candidate and whether or not the voter overvoted (i.e. voted for a candidate on the ballot and also voted for a write-in candidate for the same office). When an overvote occurs, neither vote can be counted, although the rest of the ballot selections will be counted. Due to the individual scrutiny involved, no portion of any ballot containing a write-in vote is counted on election night. **(Vote tallies for write-in candidates are not available until the conclusion of the official canvass because each ballot containing a write-in vote must be set aside for manual review.)**

SUMMARY

Supplemental ballot counting of vote by mail, provisional and write-in ballots occurs in sequential order after the election but before certification of official results (i.e. all Vote by Mail ballots must be verified and cleared prior to verifying provisional ballots in order to ensure there are no duplicates among these categories). These ballots are not segregated by district prior to counting. Therefore, the number of outstanding ballots for any specific electoral district is unknown until the voting system tallies these ballots.

California law requires election authorities to complete and certify results within 28 days. This provision of the law recognizes the complexity of completing the ballot count and conducting a thorough audit of the election results to ensure accuracy. Part of the canvass process is a legally required manual tally of the votes cast for all candidates and measures on the ballots in 1% of the 1,287 voting precincts. This manual process verifies the accuracy of the computer count.

Supplemental ballot counting takes place at 2 p.m. every Friday and Tuesday throughout the canvass period. Therefore, the first supplemental count will be held on Friday, November 6 at 2:00 p.m. We anticipate the majority of the outstanding vote by mail ballots will be included by the Tuesday, November 10 update. However, due to the extra research required to validate provisional ballots, these ballots are usually the last to be tallied prior to the completion of the official canvass (which must be completed by November 23, 2009).

Candidates and the public are invited to observe supplemental ballot counting and the manual tally of ballots from the randomly selected 1% of the voting precincts. After election night, the schedule of supplemental ballot counting will also be posted on the entrance door of our office in Norwalk and on our website www.lavote.net.

We realize it is difficult for candidates/campaigns involved in close contests to wait and know the results of the election. The legally mandated processes described above are utilized to ensure that every vote is counted and included in the official final election returns.

MOST COMMONLY ASKED QUESTIONS

Q

WHAT IS A PROVISIONAL BALLOT AND WHY DO THEY TAKE SO LONG TO PROCESS AFTER EACH ELECTION?

A

Provisional ballots are provided at voting locations to those voters whose names are not listed on the precinct roster. Often the voter has moved without informing the Registrar's Office. Sometimes the voter's registration was canceled in error. Often the voter is at the wrong polling place. Another case of provisional voting is when the voter has an "AV" marked in the precinct's roster designating that a vote by mail ballot was already issued for that voter. However, the voter claims he/she never requested or received a vote by mail ballot, or states that he/she did not vote the vote by mail ballot and does not have the vote by mail ballot to surrender. In these cases, a voter may vote but the ballot is inserted and sealed into a provisional envelope in order to avoid co-mingling with other voted ballots and to allow for authentication of the voter's eligibility before counting.

Provisional ballots are not opened or counted until the registration information is researched by the Registrar's Office and the voter is determined to be eligible to vote. This research occurs during the days immediately following election day as part of the official canvass. Eligible ballots are added to the count during the canvass period. The law allows 28 days to complete the official tally of the vote (Canvass). Approximately 271,074 provisional ballots were cast in Los Angeles County for the November 2008 Presidential Election.

Q

WHY ARE THE PHONES SO BUSY AT THE REGISTRAR'S OFFICE ON ELECTION DAY?

A

On Presidential Election Day, November 1996, the phone company reported that up to 10,000 calls per hour were flooding our phone system. While it is not possible to have sufficient staff to respond to such call volume, an Interactive Voice Response (IVR) system was installed and proved to double our call response capability.

The vast majority of callers ask "Where do I go to vote?" Listed below are the responses the caller will hear when calling the designated toll-free number (800) 815-2666:

- While callers are on hold awaiting connection with the IVR or a "live" operator, voice messages inform them alternate sources to obtain information on polling place look up including the back page of the voter's sample ballot booklet, our Internet website address, City Clerk's offices, County libraries and political party headquarters.
- For major elections we provide lists of polling place locations to the 88 city clerks in Los Angeles County, many of whom also have Internet access. Additionally, over 90 County libraries have Internet access and, along with the political parties and dozens of public and private organizations, partner with our office to assist the voting public. The cooperation of these offices and organizations has been outstanding.
- Since November 1996, poll location look-up by address has been available on our web site at: www.lavote.net.

Q**WHY HAS MY VOTING LOCATION CHANGED?****A**

Every voter's polling place address is printed on the back cover of the sample ballot booklet he/she received in the mail prior to the election. Reasons for changes in polling place locations from previous elections include:

- In 2001, AB 280, Chapter 904 was enacted to revise the maximum number of voters in a precinct from 1,000 to 1,250 in counties with a population of 1,000,000 or more. This law had a sunset date of January 1, 2005 which meant that as of that date the law was repealed and the provisions allowing the increase to 1,250 would only be operative until that time. Effective on that same date, January 1, 2005, AB280 also reinstated the original 1,000 maximum number of voters in a precinct. This change in law reducing the maximum precinct size from 1,250 to 1,000 resulted in creating a requirement for an additional 430 precincts beginning with the June 2006 Primary Election.
- Precinct boundary changes are required due to increased registration or consolidation of precincts.
- Polling place locations are not permanent, and are subject to availability of the public building, church, private residence, etc. for each election.
- A polling place across the street is not necessarily in the voting precinct for all residents of an area because the precinct boundary line may be established in the middle of the street due to bisecting district lines (i.e. a water district bisecting a precinct).

Q**ARE THERE ANY SAFEGUARDS IN THE VOTE TALLY SYSTEM TO GUARD AGAINST FRAUD?****A**

As required by law, the Department's computer tally software has been certified by the Secretary of State's Office.

- The Department is required by law to conduct computer Logic and Accuracy tests before, during, and after vote tallying on election night. Additionally, a copy of the vote count program is on file with the Secretary of State's Office.

All voted ballots from a randomly selected 1% of the 1,287 precincts are manually tallied and balanced against the computer counts to verify the accuracy of the election tally system during the Official Canvass period which takes place after election day, but before results are officially certified. This is also required by law.

WHAT PROVISIONS ARE MADE FOR VOTERS WITH DISABILITIES?

- **InkaVote Plus** An audio ballot booth is available to assist voters with special needs at every polling place election day. Voters, who are disabled, including those who are blind or visually impaired, may vote privately and independently using an audio headset and a simple keypad. Once voting is complete, a paper ballot is printed. That ballot is then inserted into the InkaVote Plus PBR like any other ballot. Also, voters whose primary language is not English may choose to vote an audio ballot in Chinese (Mandarin or Cantonese), Japanese, Korean, Spanish, Tagalog/Filipino or Vietnamese.
- **Accessible Polling Places** The international symbol of access is printed on each Sample Ballot booklet to indicate if a polling place is accessible to wheelchairs. Approximately 98% of our polls are accessible.
- **Curbside Voting** Any voter who cannot reach the voting area at the poll because of architectural barriers or physical limitations may request to vote “curbside”, meaning outside of the poll location. A poll worker will bring a ballot and marking device to the voter, assist the voter if necessary, and place the voter’s ballot in the ballot box.
- **Voters with Wheelchairs** Designated wheelchair accessible voting booths are available at every County poll location.
- **Permanent Vote by Mail Voting** California law permits any voter to apply for Permanent Absent Voter (PAV) status. PAV’s are automatically sent a vote by mail ballot for each election. For further information regarding this program, please call (562) 466-1323.
- **TDD Services for the Hearing Impaired** A telecommunications device for the deaf (TDD) is available to receive calls from any citizen who has a hearing impairment. The TDD service number is (562) 462-2259.
- **Cassette Tapes with Ballot Measure Information** Interested persons may obtain cassette tapes containing ballot measure information for the November 3, 2009 Consolidated Elections from the Registrar-Recorder/County Clerk Election Information Section, 12400 Imperial Highway, Norwalk, (562) 466-1310, public libraries throughout the County and the Braille Institute, 741 N. Vermont Avenue, Los Angeles, (323) 660-3880.

There is no charge for the tape recordings. Persons may request to take them home or listen to them at the locations mentioned or may obtain further information by calling the locations mentioned.

Q**WHAT PROVISIONS ARE MADE FOR MULTILINGUAL VOTERS?****A**

In 1992 federal legislation (Public Law 102-344) passed extending the minority language provisions of the Voting Rights Act of 1965. Any County with more than 10,000 residents whose native language is not English and who indicated on their U.S. census form a lack of proficiency in English, is required to provide election materials in the identified languages. In Los Angeles County these language requirements extend to Chinese, Japanese, Korean, Spanish, Tagalog/Filipino and Vietnamese. The Registrar-Recorder/County Clerk has installed a toll free number (800) 481-8683 for Los Angeles County residents to call to obtain voting materials in any of these six designated languages. Translated election materials are automatically mailed to voters who have requested this information in past elections. Multilingual information and oral assistance is also available at those polling places where a specific language threshold exists indicating a need for this assistance.

Also, on Election Day at every polling place the InkaVote Plus voting system includes an audio ballot booth available to assist voters with special needs. Voters whose main language is not English may choose to vote an audio ballot in Chinese (Mandarin or Cantonese), Japanese, Korean, Spanish, Tagalog/Filipino or Vietnamese by using an audio headset and a simple keypad. Once voting is complete, a paper ballot is printed. That ballot is then inserted into the InkaVote Plus PBR like any other ballot.

In a continuous effort to reach voters whose first language is not English, our department's website has been expanded to include information on voting services for persons requiring assistance in Chinese, Japanese, Korean, Spanish, Tagalog/Filipino and Vietnamese (the languages mandated for translation in compliance with the U.S. Voting Rights Act). Viewers have translated links located on the home page into these specific languages for accessibility. When clicked, viewers will find a Multilingual Assistance Hotline which is a toll free number for voters to request translated materials (i.e., voter registration forms and sample ballot booklets) in a specific language. Hard copies of the "Multilingual Voter Services" brochure are available upon request, or can be viewed on our website www.lavote.net.

INKAVOTE PLUS

Q

WHAT IS INKAVOTE PLUS?

A

InkaVote Plus is an enhancement to the InkaVote paper ballot voting system used by Los Angeles County voters since 2003. It consists of three parts:

1. The **voting device** and the attached special ink marker. Each voter inserts the ballot into the device, securing the ballot over the red pins and then “inks” the ballot card.
2. The **precinct ballot reader (PBR)** sits on top of the ballot box. The PBR checks ballots for overvotes (making more selections for a contest than allowed) and for completely blank ballots (undervotes) and notifies the voter. This provides a second chance for the voter to correct his/her ballot.
3. An **audio ballot booth** is available to assist voters with special needs. Voters who are disabled, including those who are blind or visually impaired, may vote privately and independently using an audio headset and simple up/down arrow keypad. Also, voters whose main language is not English may choose to vote using the audio headset in Chinese (Cantonese or Mandarin), Japanese, Korean, Spanish/Tagalog/Filipino or Vietnamese. Other voters may also prefer to vote using the audio equipment. Once the voter has made selections, the audio ballot booth produces a paper ballot which the voter then inserts into the PBR.

Q

HOW DOES INKAVOTE PLUS PROTECT THE VOTE?

A

InkaVote Plus alerts voters to overvotes (making more selections for a contest than allowed) or completely blank ballots. This allows for a second chance to make corrections. This protects the vote by insuring each voter’s choices are reflected properly.

Q

HOW DOES THE PBR WORK?

A

The InkaVote Plus precinct ballot reader (PBR) contains sensors in the ballot slot. When the sensors read an overvoted contest or a completely blank ballot, the ballot returns with a printed notification explaining the error. Ballots without such errors simply pass through the PBR and drop into the ballot box.

Q

IS MY VOTE STILL PRIVATE?

A

Yes! The InkaVote ballot may be inserted into the PBR in any direction including upside down. The PBR returns the ballot to a voter only if he/she has overvoted a contest or cast a completely blank ballot. Is so alerted, the voter then returns to the ballot booth to make the correction.

Q

CAN VOTERS WITH DISABILITIES USE INKAVOTE PLUS?

A

Yes! InkaVote Plus includes an **audio ballot booth** to provide an independent and private voting experience for voters who are blind, visually impaired or otherwise disabled. Using a private audio headset, voters with visual or other disabilities indicate voting choices using a simple keypad. Once voting is complete, a paper ballot is printed. That ballot is then inserted into the InkaVote Plus PBR like any other ballot. (Note: voting with the audio ballot does take more time due to “reading” the ballot prior to making selections.)

Q

HOW DOES INKAVOTE PLUS HELP VOTERS WITH LIMITED ENGLISH SKILLS ?

A

The audio ballot provides service in six languages in addition to English. Voters may choose an audio ballot in any of the languages mandated by the Federal Voting Rights Act: Chinese (Cantonese or Mandarin), Korean, Japanese, Spanish, Tagalog/Filipino, or Vietnamese.

COMMON QUESTIONS ABOUT VOTE BY MAIL BALLOTS, REGISTRATION AND VOTING

***VOTE BY MAIL
BALLOTS***

VOTING

REGISTRATION

	QUESTIONS	ANSWERS/AUTHORITY
4.	WHAT INFORMATION MUST BE INCLUDED IN MY APPLICATION?	Your application must include your printed name, your residence address, as it appears on the affidavit of registration, the address where you want the vote by mail ballot sent, and the name and date of the election for which you are applying for (e.g. November 3, Consolidated Elections). In addition, you must sign and date your application. (E.C. SEC. 3006)
5.	I HAVE A MEDICAL DISABILITY. DO I HAVE TO APPLY FOR A VOTE BY MAIL BALLOT FOR EACH ELECTION?	<p>No, any voter may apply for permanent vote by mail voter status. Such voters are automatically sent a vote by mail ballot for every election. For further information on how to become a permanent vote by mail voter, refer to your sample ballot or call the Vote By Mail Section at (562) 466-1323. (E.C. SEC. 3201)</p> <p>Once a voter becomes a permanent vote by mail voter, he or she will retain this status as long as he or she casts a ballot in all statewide primary or general elections. If a permanent vote by mail voter fails to cast a ballot in two consecutive general elections, he or she will be removed from the permanent vote by mail voter list and will need to reapply in order to have this status restored. (E.C. SEC. 3206)</p>
6.	I WILL BE OUT OF THE COUNTRY FOR AN ELECTION AND I'M CONCERNED THAT THE MAIL IS SLOW AND I MAY NOT RECEIVE MY VOTE BY MAIL BALLOT IN TIME TO COMPLETE IT AND RETURN IT BY ELECTION DAY. IS THERE ANY WAY I CAN APPLY EARLIER THAN THE NORMAL 29 DAYS?	<p>Yes. If you are in the military or temporarily living overseas you may qualify as a "special absentee voter." Special absentee ballot applications may be processed by the elections official as many as 60 days prior to an election. Application must contain the same information cited in #4. (E.C. SEC. 3103)</p> <p>An application by a qualified special absentee voter shall be deemed an affidavit of voter registration and an application for permanent vote by mail status. (E.C. SEC. 3104)</p>
<p>HOW TO VOTE USING A VOTE BY MAIL BALLOT</p> <p>Once you have obtained your ballot by following the steps outlined above, you can vote your ballot and return it by mail or personally.</p>		
7.	I APPLIED FOR VOTE BY MAIL BALLOT. I HAVE NOT RECEIVED MY BALLOT BY RETURN MAIL AND MUST LEAVE FOR A TRIP IMMEDIATELY. IS THERE A WAY I CAN STILL VOTE WITHOUT WAITING FOR MY VOTE BY MAIL BALLOT?	<p>Yes, any voter may vote between October 5 and November 3, at the Registrar-Recorder/County Clerk's Office in Norwalk.</p> <p>Since you will be unable to surrender your vote by mail ballot, you will be issued a "provisional" ballot, which will not be counted until it can be determined that you did not also vote by mail.</p>

	QUESTIONS	ANSWERS/AUTHORITY
8.	<p>HOW DO I VOTE MY BALLOT?</p> <p>MAY I APPLY AND VOTE AT THE ELECTIONS OFFICIALS' OFFICE?</p>	<p>Follow the instructions, which accompany your ballot provided by the elections official. Failure to complete your ballot correctly could jeopardize your vote. You will receive all the supplies necessary for the use and return of the ballot. (E.C. SEC. 3010)</p> <p>Yes, during regular business hours and on the two weekends prior to election day. Call the Vote By Mail Section at (562) 466-1323 for office hours or if you have any questions concerning your vote by mail ballot.</p>
9.	<p>DO I HAVE TO SIGN THE VOTE BY MAIL BALLOT RETURN ENVELOPE?</p>	<p>Yes. The signature is compared to the signature on your voter registration card before the ballot is counted to determine that you are the authorized voter. This is an important protection for you. To preserve the secrecy of your ballot, once the signature comparison is made, the ballot is separated from the envelope to prevent anyone from knowing how you voted. In this manner, the ballot becomes as anonymous and secret as any of the other ballots before they are counted. If, when you apply for a vote by mail ballot, you omit any of the required information from your application, the elections official will send you a ballot, but will also include a notice that the missing information must be provided in order for the ballot to be counted. (E.C. SECS. 3009, 3019)</p>
10.	<p>WHEN MUST I RETURN THE VOTED BALLOT?</p>	<p>In order to be counted, your ballot must be <u>received</u> by the elections official no later than the close of the polls on election day. The polls close in California at 8:00 p.m. You can mail it or bring it to the elections office or to any polling place within the county. Ballots received after close of polls cannot be counted regardless of postmarks. (E.C. SECS. 3017, 3020)</p> <p>If you return your voted ballot by mail, don't forget to put the required postage on the envelope. The post office cannot deliver it without the required postage.</p>
