SUBJECT: WEEKLY STATUS REPORT - JUNE 7TH PRESIDENTIAL PRIMARY ELECTION

This is the second in a series of weekly pre-election status reports issued to inform your Board and the public of our preparation for the June 7 Presidential Primary Election. The information and data included connect to the County’s goals of “Operational Effectiveness” and “Community Support and Responsiveness.” Additionally, these reports support the Department’s ongoing commitment to fair, accessible and transparent election services for the citizens of Los Angeles County.

The report includes updates on important activities related to the conduct of the election and provides statistics related to these activities. The report focuses on five areas of the election process: status of Vote by Mail (VBM) mailing, sample ballot mailing; pollworker recruitment/training and polling place recruitment; voter registration; and voter education and community outreach. In addition, the following *Highlights* section features special projects or significant issues to call to your attention.

Highlights

Close of Voter Registration

The final day to register to vote for the June 7 Primary Election was this past Monday, May 23, 2016. This was a very active day for voter registration and the Department received 55,867 online registrations, of which over 80 percent were from people between 18-28 years old. In addition, the Department received 2,112 re-registrations and 4,507 new registrations on paper applications. The Department’s in-house outreach efforts and partnership with the Department of Motor Vehicles yielded an additional 1,477 new registrations and re-registrations.

Will Call Ballot Pickup and Ballot Drop-Off Program

On May 23, 2016, the Department's Will Call Ballot Pickup application went live. Voters who requested will call ballots can begin visiting the program locations starting May 28, 2016 through June 6, 2016. The program allows voters to request a VBM ballot online or over the phone to be available for pickup at one of eleven locations of their choice throughout the County. The application and information on participating Will Call locations is available on the Department's [website](#). Also available on our website is the Will Call Ballot Pickup and Ballot Drop-Off flyer (attached) that can be displayed at County departments or distributed by your offices to help inform the public of this new program.

Outreach - High Schools and Student Empowerment

The Department's Outreach team worked directly with high schools and community partner organizations to expand our ability to provide voter registration services and voting information to students across Los Angeles County. The Department's Outreach team conducted voter registration drives at over 70 schools, and over 1,000 students were registered to vote directly through this program. Additionally, the Department worked with LA Trade Tech, USC, and other colleges throughout the County to register over 300 students.

Media

The Department has generated a number of earned media opportunities to help promote the election and disseminate important information of interest to voters for this election. The following is a summary of recent earned media opportunities and press releases that have been issued regarding the upcoming election.
