TOUCHSCREEN EARLY VOTING LOCATIONS FINALIZED FOR NOVEMBER 8, 2005 ELECTION

Eleven (11) sites for Touchscreen Early Voting have been established for the 2005 November Statewide Special Election. Early voting will begin on Wednesday, October 26 and continue through Friday, November 4, 2005 at ten sites with additional days at RR/CC Headquarters. Since our first Touchscreen Early Voting experience in November 2000, over 162,500 voters have taken advantage of the opportunity to vote early in conjunction with countywide elections. Feedback has been very positive from all voters. In addition to offering any voter the flexibility of voting before election day, touchscreen voting allows disabled voters, and those who are blind/visually impaired, to cast a ballot unassisted. Also, all touchscreen ballots are available in a choice of six languages in addition to English.

The 11 sites are shown on the attached map. Each Supervisor's district has a minimum of two early voting locations. Each of these facilities was large enough to serve the maximum number of voters on the busiest day during the November 2004 Election, our high turnout benchmark for success. Five of the early voting sites are located in County owned facilities which are the most cost effective locations. The remaining six locations continue the partnerships established previously with the cities of Beverly Hills, Culver City, Los Angeles, Monterey Park, Pasadena, and Redondo Beach. All of these locations have been used successfully in the past and all provide ample parking with disabled access.

Over the years, touchscreen sites have been established in conjunction with Community Voter Outreach Committee assistance and with input from your field deputies. Where changes had to be made (due to non-availability of some former sites) we will post signs and maps directing any wayward voters to the next closest site. As in the past, information about the locations and sites will be printed in all sample ballot booklets and linked on the RR/CC Web page.

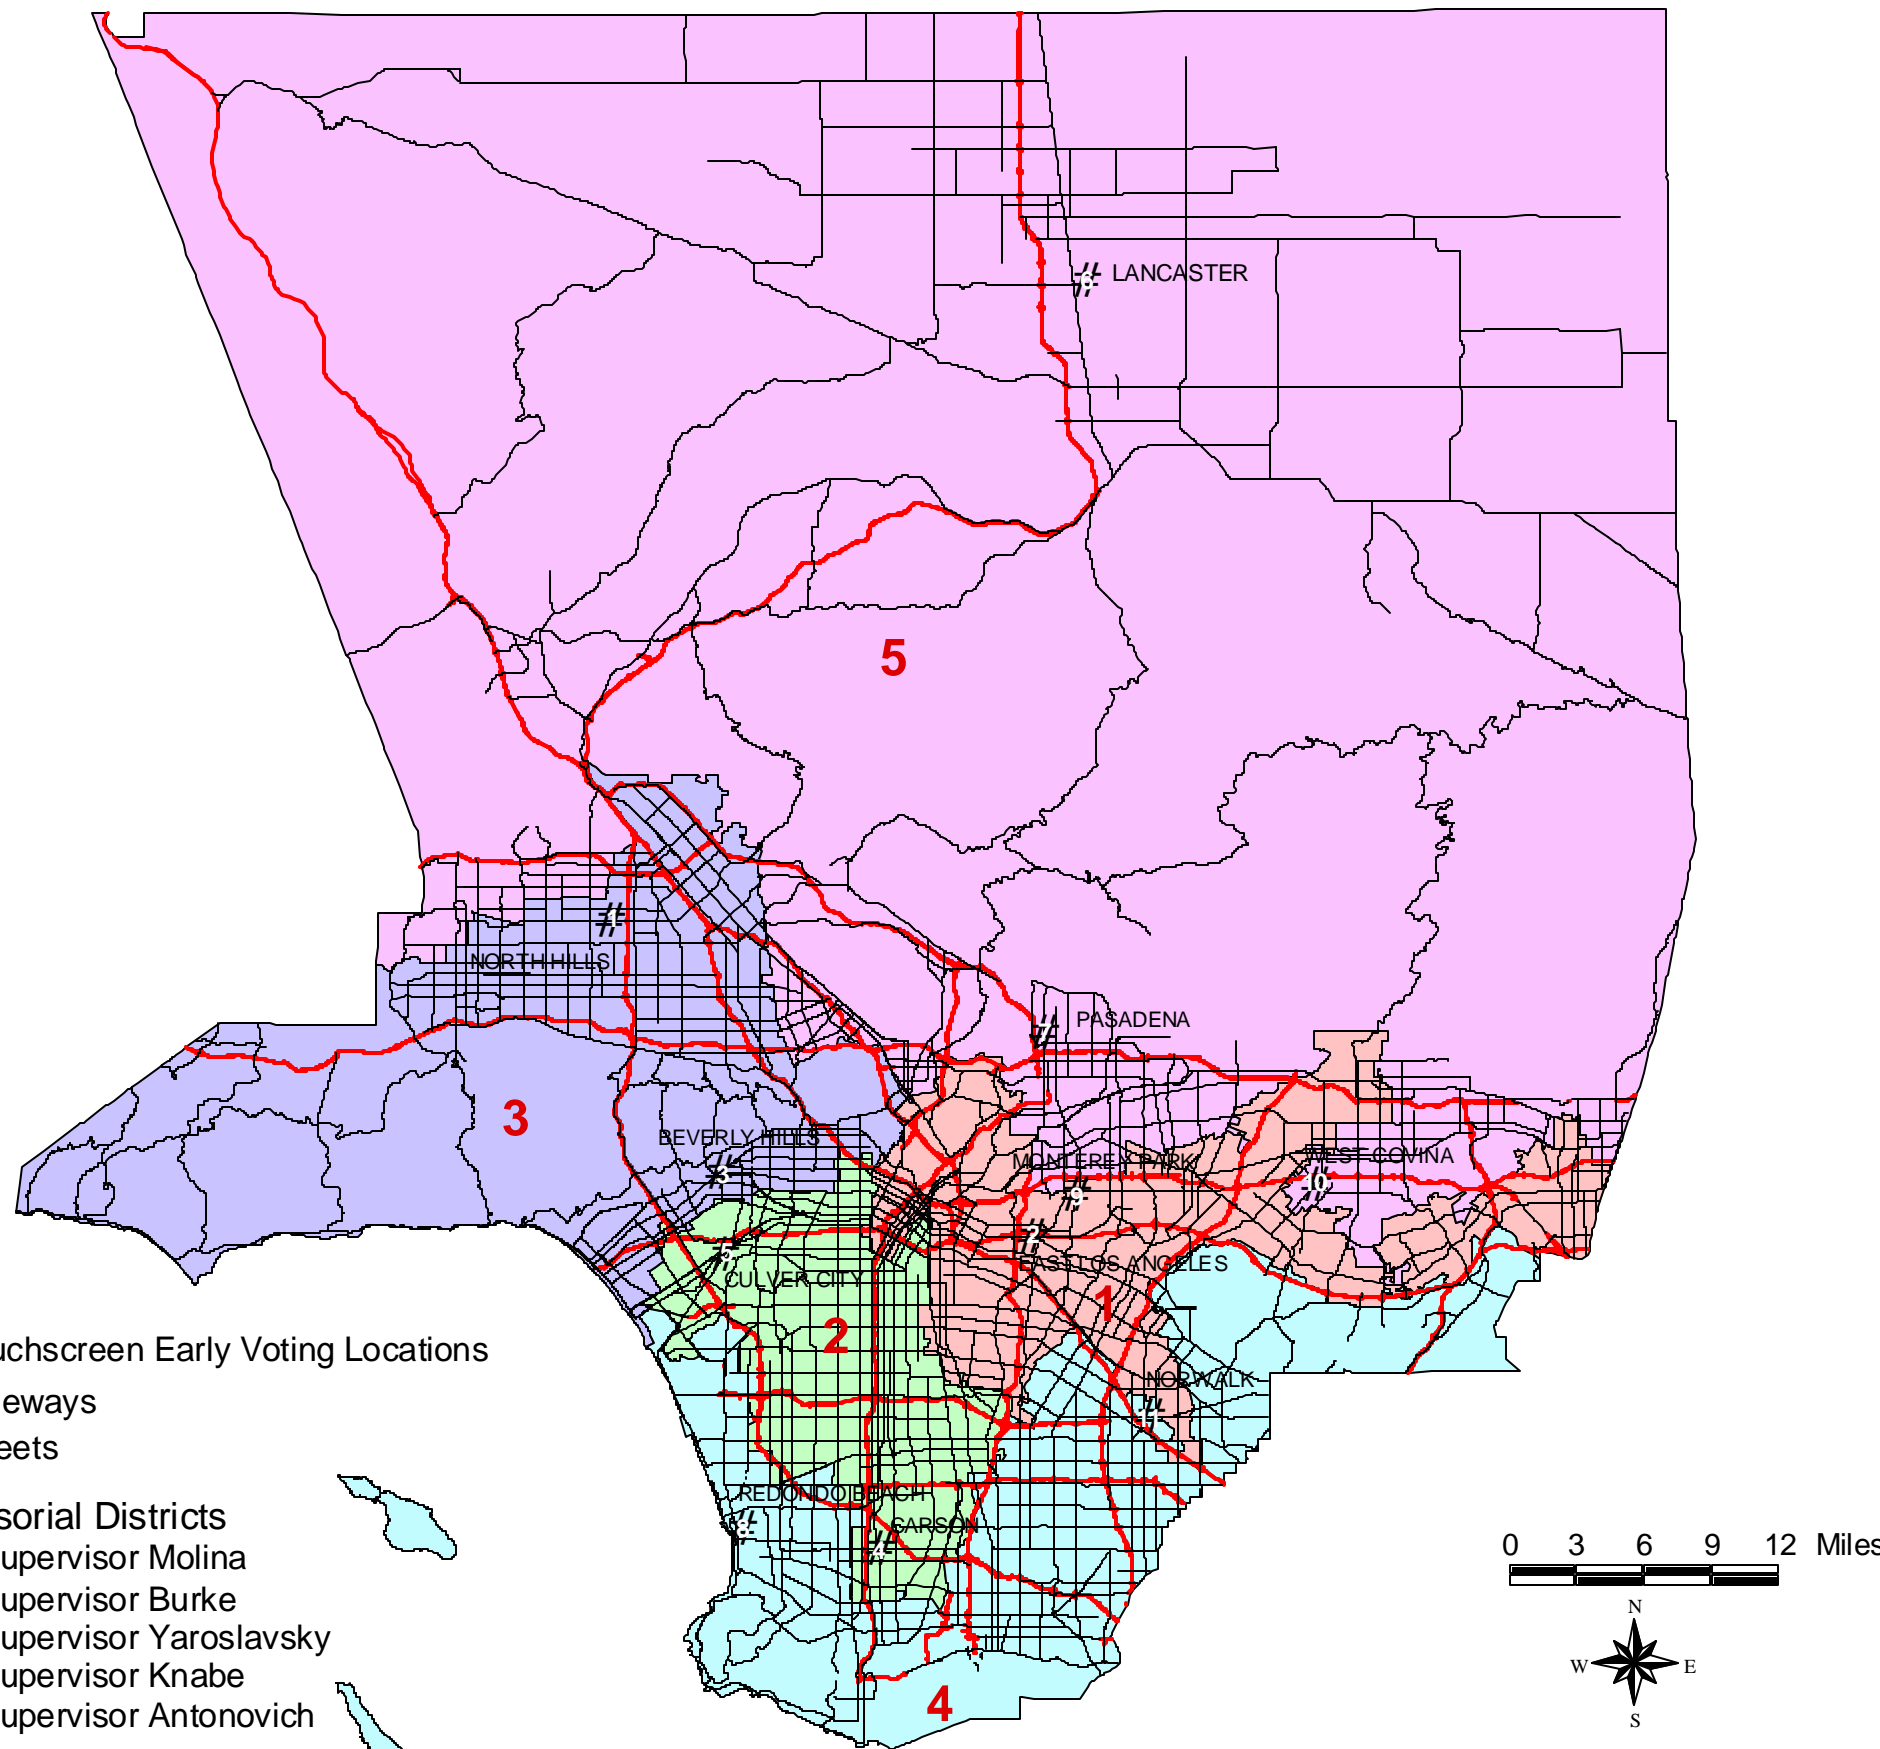

If you need further information please contact Chief Deputy, Kristin Heffron at (562) 462-2883. Thank you for your continuing support.
